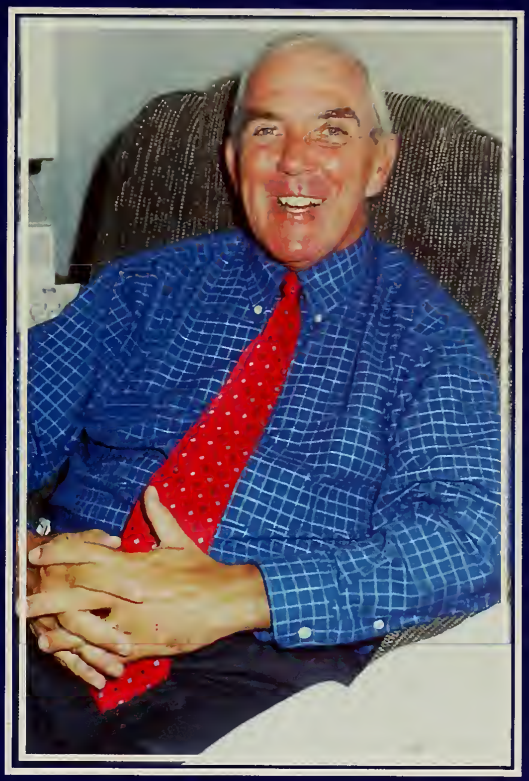
DEDICATION



Walter J. Hughes, Jr., received his B.S. in Education from Boston State and was hired by the English Department in 1968. He received his Masters from Boston State in 1971. He soon moved to Guidance, becoming the Department Head in 2001. He has been the Business Advisor of the *Tiot* for 20 years. Mr. Hughes has been very active in the Norwood Teachers' Association, serving as its President and in many other capacities. He has been active in the Massachusetts Teachers' Association and has been a delegate to the NEA for many years. He has also coached in both the Girls' and Boys' Soccer programs at the High School. Mr. Hughes has been very active in the South Shore Guidance Association and the Greater Boston Guidance Association. We will remember Mr. Hughes as the head of a Guidance Department that became more important to us as the years progressed. Many of the changes that he instituted have greatly helped the student body, especially those entering the college application maze. His personality and easy smile made his own group of students comfortable and his door was always open to everyone. We, the members of the Senior Class, join with an older generation of students in thanking Mr. Hughes for his unselfish service and we wish him a fruitful retirement.

IN LOVING

ALLISON P. WHITE

AUGUST 1, 1990 - SEPTEMBER 10, 2004

"As we go on, we remember all the times we had together, and as our lives change from whatever, we will still be best friends forever."

We will miss her forever.
We will never forget her
Until the day we meet again.
She will always be our true best friend.
Now a while has gone by
and we still wonder why...

MEMORY

Steven Z. Fenton

February 8, 1990 - November 19, 2007

Blessed By An Angel

Who was this angel sent from above?
God sent him to teach us unconditional love.
His name was Steve, and his heart was of gold.
Why then did you take him, not let him grow old?
Let's not look at how short his life was with fear.
We must be grateful for the blessings he gave us while here.
He could hold a cold heart and warm it so gently.
God was working through him, don't you see?
His own life, you could say, wasn't quite easy.
But Steve didn't judge, he stayed humble, not needy.
He did what had to be done, he didn't complain.
He cared for sweet Kayla, with the help of Loraine.
He loved his mom, and she loved him so.
Our hearts ache with such pain, to see him go.
Although we'll truly miss him, we can't be too sad.
He'd rather us feel the love and the good times we had.
Like cruisin' through town listening to his boom, boom,
or watching him sketch an artistic piece in his room.
Steve made us laugh out loud, he didn't care.
He loved to play guitar in the air.
His friends at Papa Gino's had fun showing him all the moves.
When it came to makin' pizza, well, he had little room to improve.
He saw the good in all, the light shone so brightly.
We must never take the lessons he taught us lightly.
How do we thank such an angel, for the gifts he shared?
We must all be more like Steve, to show the difference he made by how much he cared.
Steve was a symbol of love, kindness and peace.
His spirit now shines through the hearts of his family, his friends, and my niece.

With gratitude for Steve.
May God hold you in the warmth of his love.
Auntie Arlene and Loraine

Burn the yearbooks. Remember me not for this airbrushed, blemish free, filtered picture. Remember me for what I was. Remember the chuckles, stains, scars, and irreparable brain damage I've caused you and if you have none of these then you should ask yourself if you ever really knew me at all. Remember me with a tan. And maybe a mustache. Or don't remember me at all. It's been fun.

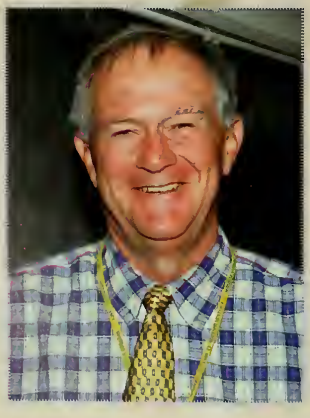
Also Graduating with the Senior Class...

J. Allen Carver graduated from Norwood High (Class of 1963) and was hired to teach here upon graduation from UMass in 1967. He soon became Department Head in Math, a position he has held since 1976. He also holds the title of Lead Teacher of Technology. Mr. Carver has coached swimming and boys' gymnastics at the High School, but his legacy will always be tied to the Computer Room where his willing help was truly appreciated. Many of his former advanced math students repeat the same phrase: "It was Mr. Carver's style of teaching that prepared me the best for college work." His 41 years of total commitment to NHS will be greatly missed.

Robert A. Clifford also graduated from NHS (Class of 1966) and moved on to Brown University for his B.A. Upon graduation, he came to the Chemistry Department as a permanent substitute, then entered the Social Studies Department the following year. He coached a pioneer girls' hockey program for five years during the 1970's. He took over the position of yearbook advisor in 1980; this is his 27th yearbook. We wish him well.



Giles Parker is a History major who graduated from Bridgewater State and was originally hired in 1967 as a reading teacher before moving to social studies. He earned a M.Ed. from B.U. He developed an award-winning Economics program for seniors that is still going strong, and as Department Head, since 2003, has revamped the U.S. History program, especially the AP portion. He has coached soccer, but will be remembered as one of the state's premier Girls Basketball coaches for 35 years. Many former players have moved into coaching themselves, leaving a strong legacy. Mr. Parker is leaving a double mark at NHS, with his strong record in the classroom and as department head, as well as his coaching mastery. This combination will truly be missed.

Dr. Edward Quigley has been the Superintendent of Schools during our entire four years at the School on the Hill. We appreciate that he has shown great interest in each of the four A's (Academics, Arts, Athletics, Activities), showing up at games, plays, banquets, and assemblies to show his support. We appreciate his leadership and his timely "words of wisdom". We, the Class of 2008, say "thank you".

Dr. Alice Axelrod, School Psychologist, came to Norwood by way of SUNY at Binghamton, where she received her B.A. in 1973, and Boston University, where she earned her Masters and her Ph.D., finishing in 1991. She came to Norwood in 1976, moving directly to the high school. She has been instrumental in the development of the School Crisis Plan, the Alliance Against Discrimination and the Peer Training Program. She has touched the lives of countless individual students. Her patient manner and pleasant smile will be remembered long after she has left. We thank her for all the work she has done "behind the scenes" at NHS, and we wish her well in her retirement.

Leo Immonen graduated from NHS (Class of 1965) and moved on to complete his B.A. at UMass. After serving in the United States Army from 1969 to 1972, he was hired by the math department at Junior High South, and returned to his high school in 1979. He has a Master of Arts in Teaching from Salem State. Part of the group that brought Norwood High School into the computer age, Mr. Immonen worked long hours and did extra jobs to make the constant transition smoother. He also initiated the AP Computer Science Program. He has coached Boys' Tennis for 21 years at the high school, and is fondly remembered by his players. The Math Department will miss his quiet dedication, and the Class of 2008 wishes him lots of fun computer time in his retirement.

Jean Brady came to Norwood Junior High North directly from UMass Amherst in 1969, and moved up to the High School English Department in 1977. She earned her M.Ed. from Cambridge College. She was the Department Head in English from 1997 until 2007. Through the years, she has been involved in the school plays, been a Junior Class Advisor and a Senior Class Advisor, when advisors were directly involved with proms and graduations. Her work on her research paper web page helped many a confused student, even after they had left us and moved on to college. Ms. Brady has seen and supervized many changes in the curriculum. But her classes will remember her caring, energetic attitude and her committment to the teaching of English. We wish her all the best.

Firefighter's Prayer

By James J. Metcalfe

When I am called to duty, God,
Whenever flames may rage,
Give me the strength to save some life
Whatever be its age.
Help me embrace a little child
Before it is too late
Or save an older person from
The horror of that fate.
Enable me to be alert and
Hear the weakest shout
And quickly and efficiently
To put the fire out.
I want to fill my calling
and
To give the best in me,
To guard my every
neighbor and
Protect his property.
And if, according to my
fate,
I am to lose my life,
Please bless with Your
protecting hand
My children and my wife.

Another turning point,
a fork stuck in the road.

Time grabs you by the wrist,
directs you where to go.

So make the best of this test
and don't ask why.

It's not a question
but a lesson learned in time.

So take the photographs
and still frames in your mind.

Hang it on a shelf
In good health and good time.

It's something unpredictable
but in the end it's right.
I hope you had the time of your life.
